Dear ATK Ammunition Customer:

Over the last two years and as we move into the second quarter of 2008 we continue to see unprecedented raw material cost escalation in our business. As a result we are forced to announce a price increase effective April 1, 2008. This will include a 9% increase in all promotional ammunition and a 5% increase in other standard catalog ammunition products.

New pricing and programs will be communicated to you shortly.

We appreciate your understanding.

Respectfully,

A handwritten signature in black ink, appearing to read "A. Acitelli", is positioned below the text "Respectfully,".
